NESTLÉ LACTOGROW 3 is a growing-up formula that has been formulated by global experts at NESTLÉ RESEARCH CENTER, SWITZERLAND to provide gut comfort to children from ages 1 to 3.

It contains L.Comfortis, that gives children a comfortable tummy – which in turn helps them eat well, digest well, feel well, sleep well and GROW HAPPY.

NESTLÉ LACTOGROW 3 believes that a child's happiness becomes the foundation of a mother's happiness. Therefore, with NESTLÉ LACTOGROW 3 we aim to make every child's tummy a happy tummy.

It is very easy to prepare: Boil water and mix leveled spoonfuls of NESTLÉ LACTOGROW 3. The recommended feeding chart (for children aged 1 and above) suggests mixing 7 leveled spoonfuls of NESTLÉ LACTOGROW 3 to 210ml of boiled water. NESTLÉ LACTOGROW 3 is not a substitute for breast milk.

Disclaimer:

The World Health Organization (WHO) recommends exclusive breast-feeding for the first 6 months and continued breastfeeding for as long as possible. Growing up formulas are formulated to meet nutrition needs of healthy young children older than 1 year and should not be fed to infants.?
